## **Navigating The NYC Mission Field**

This past July, Jaime Argueta, Sean Cain and Albert Kaidor departed St. Augustine to spend a week in New York City for "NYC22 Mission", a life-changing, city-changing mission experience in partnership with Spread Truth Ministries. Time Square Community Church served as home base in a city of approximately 16 million people. Each day, several teams of evangelists canvassed the five boroughs around Manhattan, including Harlem, the Bronx, and Central Park, while one team remained behind to pray for all to be fruitful in their efforts.

The Spread Truth team of 70 saints from around the country followed God's leading each day by meeting people, listening intently and ministering the Good News to all. Our three (cont.)

**NYC cont....**

ARK representatives carried “Classic Evangelism Training” with them and deployed Gospel Story training on the streets, dedicating themselves to ministry.

God blessed the trip in so many ways! In the hot, city streets of New York, many, many people stopped to talk, pray, and share their life stories with our brothers and sisters in Christ. The mission teams handed out tracts, prayed with hundreds of people and experienced many face-to-face gospel engagements during the mid-July mission. More than 70 souls said “yes” to Jesus during their time there...Praise be to God!

*NYC22 teams met, ministered and prayed with approximately 300 souls while there*

**PRAYER REQUESTS**

Please pray for a successful evangelism workshop at the First Baptist Church of Palm Coast in December, and a positive implementation of “Classic Evangelism Training” in January.

Please pray that the current “Classical Evangelism Training” semester at Anastasia Church is fruitful and effective in winning the lost to Christ in St. Augustine, and that with God’s help, they reach hearts and souls for the Kingdom.

Lift those up who have lost loved ones, property and resources. Sustain those rebuilding after Hurricane Ian, and give them wisdom and encouragement and empathy. Fill the hurting and lost with hope and remind them that you make all things new and will never leave their side.
