## *God is Faithful!*

All praise and glory be to God! He has provided great gains in the clerical and administrative infrastructure at ARKEA! It is by His grace, power and favor that the Lord continues to galvanize ARKEA to share the Good News.

## **Boots-on-the-Ground Evangelism Training**

Our Spring semester of MBA Evangelism Training at Anastasia Church involved eight Level II returning participants. In various settings and streets in St. Augustine, we contacted more than 50, presenting the gospel to more than 35 people, 16 of whom professed their faith in Jesus Christ! Eight of the 50 were Christians, eight were unable to make a decision and we chatted with the other 14 friendly people. Since then, ARK followed up with 15 of the 16 making professions of faith with prayer, Bibles, gospel tracks and a warm, friendly invitation to the church.

Our “Sharing Your Faith, Sharpening Your Tools”, a boots-on-the-ground evangelism training introduction, has been well received by 44 members from more than 16 different churches in North Central Florida. Additional fruitful praises to God’s glory includes the 55 folks at the Putnam County Fair who said, “Yes!” to Jesus!

**Sharing Your Faith, Sharpening Your Tools**

On a lovely Saturday morning in May, Rev. Albert traveled to "Bethel" (a holy place), the home of Roger and Leeora Wright, a satellite sanctuary in Jasper, Florida to host a workshop entitled "Sharing your Faith, Sharpening Your Tools". Becky Dasher, Youth Director at Pentecostal Deliverance Center in Jennings brought her husband, Walt, and some of her youth-body of Christ to this introductory ARKEA class. Students learned techniques to better equip and edify themselves to share the Gospel comfortably as witnesses of Jesus Christ.

**God is Faithful in Answering Prayer**
